## Weego Twin Baby Carrier

When traveling with infant twins this product can be a fantastic idea for those families on the go. If you're planning on doing a lot of sight-seeing or walking and want a product specifically made for twins, then the Weego Twin Baby Carrier is a must for you. Especially designed for carrying preemies, it easily adjusts for growing babies and fits both mom and dad. This soft, lightweight design enhances development, allows each baby to feel comfortable and secure while stimulating their senses. It's machine washable, lightweight and comes in an attractive navy cotton twill design with blue & green plaid lining. **You can order this product directly from TWINS™ Magazine by visiting [www.TwinsMagazine.com](http://www.TwinsMagazine.com).**

## CARES: Kids Fly Safe

CARES is designed specifically for flying for children age 1 and older who weigh between 22 and 44 pounds. These youngsters are old enough to be in their own seats, but are too small for the seat belt alone to protect them. Their bodies cannot withstand the jolts that are common in routine transportation, much less emergency situations, and they flail forward or slide beneath the seat belt if they are not held securely in place. CARES is a convenient, hassle-free way to keep your twin flyers safe. Need your car seat on the other end of the trip? Just check it through as luggage – and you can carry CARES on board in your pocket! CARES was invented by Louise Stoll, a grandmother of nine, after watching her pregnant daughter struggle off a plane carrying a toddler, car seat and diaper bag. She knew something was wrong with that picture – safe flying with children had to be made easier!

## Cover-Playard

Have you ever been at a hotel with your infant or toddler twins and requested a port-o-crib to use that wasn't very clean or sanitary? That's exactly what happened to the Costa family when they were traveling with their twins so they did something about it. They have invented a great new slipcover that is reducing germ exposure to newborn or toddlers while using a play yard.

This family has done their research and learned that typically play yards are never cleaned which increases the risk of infection. They conducted studies to find that leftover food, blood, saliva stains and a whole host of other bacteria present in the play yards after each use. This product eliminates this exposure and all you need to do is remove the slipcover from the unit after use and wash it. Using this product will not only reduce germ exposure and keep your twins from unwanted germs but lengthen the life of the play yard as well. The basic fabric used is cotton Lycra which allows it to stretch around the device for a snug fit. Each one has playful and decorative designs and is machine washable & pediatrician recommended. **To learn more about the Cover Playard visit [www.coverplayard.com](http://www.coverplayard.com).**

## Baby Plays Toy Rental Company

As seen advertised in TWINS™ Magazine and also on the Today Show, we absolutely LOVE Baby Plays Toy Rental Company, owned and operated by Lori Pope, a fellow mother of twins. We highly recommend this program for any family with twins & more and know that once you try this innovative and unique toy rental program, you won't want to ever buy a toy for your twins again. Especially convenient for your next trip, Baby Plays makes it so easy for families to keep their twins entertained and happy while traveling.

## Here's how the program works

return shipping label, box and tape (to seal the toy return box) – it's that easy!

- Toys are due back within 30 days from the original shipping date.

- No monthly commitment required.
- They can ship to any destination in the 48 states via UPS so if you are staying at a hotel they will ship the toys directly to the hotel in your name. When your vacation is over and you are ready to go home, simply leave the box of toys you have rented for your little ones at the front desk or concierge and UPS will come back by and pick it up for you.
- You pay no shipping charges and they include the

- All toys are assembled, have fresh batteries & are ready to go. For added safety, each toy is sanitized and shrink wrapped before shipping.
- Baby Play Toys are SAFE! They are lead-tested in their very own warehouse and they only accept toys that meet all US safety standards. **See their ad on page 14.**

## Kids Car Travel Organizer

This large capacity (10.5 W x 10 H x 14 inches deep) Kids Car Travel Organizer holds videos, CDs, games, crayons, lunches and more. Perfect for twins, since the adjustable divider lets them organize their own stuff. It includes a flip-top tray that keeps toys and crayons from sliding off and it's sturdy enough to draw on or play on, too. It features 8 outside pockets: two that are big enough for CD players and two that have zippered GameBoy sized pockets. This car travel organizer also includes two cup holders and pockets for fries, snacks, etc. It has rugged construction, made of 600 denier packcloth with padded sides that help insulate contents. It's not only sturdy and has a lid that flips up to become a tray, kids can quickly snap it on or off their seatbelt. **Visit [www.familyonboard.com/car\\_auto\\_organizers\\_kids.html](http://www.familyonboard.com/car_auto_organizers_kids.html) to learn more about this great travel product.**

## Want a Great Solution for Road Trips?

**The Snack-Trap** is an infant feeding product (designed for toddlers and kids ages 1-5) that minimizes wasted snacks and saves associated clean up time while promoting the development of self-feeding skills among infants/toddlers. The "Snack-Trap" consists of an attractive, colorfully imprinted, tip-resistant, handled cup that allows kids to grasp and hold the cup themselves. The unique, patent-pending lid has slits that allow kids to see and retrieve food with ease themselves. The lid automatically closes when the children remove their hand. The product allows kids to feed themselves while helping to prevent spills when the cup is knocked, dropped, or thrown (as a result of a temper or just for fun). Another major convenience is that the device is portable and useful in the home, outdoors, or in the car, matching the active lifestyle of most families. **See their ad on page 27.**

## Crayola® Color Wonder™

We think these are wonderful for kids. They can explore the wonder of color using this unique ink, developed by Crayola scientists, that appears only on special paper. The ink is clear on most surfaces, but each marker "magically" shows up a different color on Color Wonder paper. No marks, no mess... these are the best!

Twice as easy to fly safe with twins... Use a pair of CARES!

- FAA Certified Flight Belt
- Weighs Only 1 lb.
- Fits in a 6" Stuff Sack

- Installs in a Minute
- No more lugging car seats when you fly!
